TRUSTNET

A&E Attendances

Overall the trust saw a 20% reduction in A&E attendances, due to reduced numbers of patients attending through the first and second waves of the COVID pandemic.

88,656
20% reduction

ASPH ITU Capacity

During the second wave of the pandemic, the Trust opened a pop up ITU and increased the existing ITU capacity to care for COVID positive patients and other acute all across the system and wider.

Was tripled, 13 to 31 ITU beds

Day case procedures

The activity was significantly reduced due to the COVID pandemic.

24,182
DAY CASE PROCEDURES
-37%

Virtual

There was a huge increase in virtual clinic appointments, due to the change of the pandemic. These accounted for 66% of appointments.

204,373
+668%

Emergency admissions

Emergency admissions slightly declined as few patients attended the hospital due to the COVID pandemic.

31,500
8% reduction

COVID Patients

Since the start of the pandemic in March 2020, up until 15th March 2021, the Trust cared for over 1,000 COVID patients.

Day case procedures

Activity was significantly reduced due to the need to respond to the pandemic.

3,994
ELECTIVE ADMISSIONS
-39%

Vaccinations

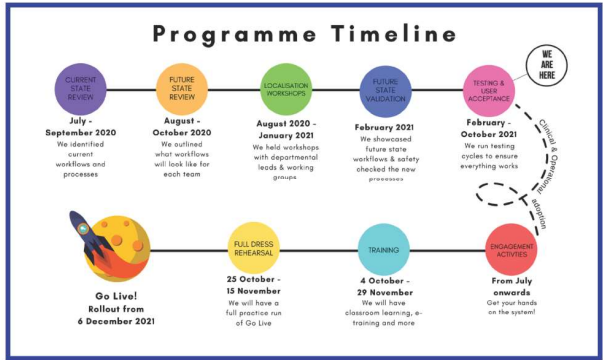

The trust established a COVID vaccination hub which administered vaccines to the ASPH team, healthcare workers from partner organisations and the public.

Administered 25,500 vaccinations

FOCUS ON THE NORTH STAR OBJECTIVE

No matter where you are or your job role within the organisation, we all need to work together, step in time and learn from practice across the organisation and beyond.

Thank you

Ashford and St. Peter's Hospitals NHS Foundation Trust

Thank you for your incredible support and generous donations during COVID-19. They were much appreciated by us all and the support of our local community made such a difference.

With gratitude and appreciation,
From all of Team ASPH.

Modern Healthcare

Attend Anywhere - Virtual Appointments

"Brilliant way to get medical help for minor problems. Money saving and less stressful for older people."

"Very happy with the video chat, and really happy about the advice, also it did not feel rushed or trying to get the call over with. Time was taken to make sure I was happy and understood."

"So much better than having to drive and park at a hospital and then wait around. Very effective form of consultation if appropriate."

Collaborate

Ashford & St. Peter's Hospital & our COMMUNITY

We've always valued our volunteers at ASPH. When COVID 19 struck, 40% of volunteers had to pause their health concerns and our connection to our community was broken. We were overwhelmed by the generosity of people's staff arrived by the van load a trust's staff were given by the trust.

Our community is AMAZING

45 new people came to Volunteer from the national NHS programme. We quickly got them up to speed on the hospital during COVID.

Volunteers helped out personally in the community in various ways. They were able to help out in the community in various ways. They were able to help out in the community in various ways.

42 SPA volunteers volunteered with ASPH. They were able to help out in the community in various ways. They were able to help out in the community in various ways.
